

# Make art

with the Art Gallery of New South Wales

**Do you love to make things?**

**Artists love to create.**

They make drawings, prints, paintings, sculptures and other things for us to look at. Animals, birds, plants and flowers have inspired artists for centuries. Their imaginative responses can range from the decorative and beautiful to the weird and wonderful.

ART  
GALLERY  
NSW

# Feathered friends

**Decorate** the bird on the next page using a little inspiration from these artworks in the Gallery's collection.
